16 months. Black and light gold male. Large, strong, masculine, typey male. Expressive, good withers firm back. Croup just slightly steep in its angle, could be a fraction longer. Very good fore and hindquarter angulation. Very good top and underline. Broad well muscled thighs. Very good quality of coat and stands correct in front. Steps just slightly narrow, good hock connection. Correct coming. Shows very good ground covering movement, very effective drive. Maintains a very good wither line, however the reach could be a little freer and the ligamentation and top line could be a firmer.
