Good fore and very good hindquarter angulation, good fore and under chest development. Stands correct in front. Correct going, elbow connection could be firmer. During movement shows good ground covering gait.*

## **OBEDIENCE TRIAL**

### **Overview.**

It was a pleasure to judge the Obedience Trial at the 2001 German Shepherd Dog Club of SA Inc Restricted Trial. Unfortunately, I was not informed until the Monday night AFTER THE TRIAL that I was expected to give a written critique on every dog I judged. Had I known before the Trial commenced, I would have been only too happy to provide critiques, but trying to do this so long after the event would be unfair to exhibitors.

I felt the overall standard of the dogs in all classes was very good which is very encouraging for the breed and a reflection of the quality of instruction provided at our Breed Clubs. Despite the distractions, the dogs worked well and the overall improvement in the heeling exercises was quite marked from when I judged at this event in 1998. There were some extended and prolonged hand signals used by a few exhibitors - this must be carefully watched. The usual mishaps prevented several good dogs from gaining passes on the day but I was delighted to be able to award the Excellent grading to three dogs - one in each of the Utility, Open and Novice classes. These dogs performed at a particularly high level and it was pleasing to watch handler and dog work so well as a team in each case. Congratulations to the following Exhibitors and their dogs on gaining Excellent medallions:-

UTILITY DOG OC SIEGSTER KING KIERAN R English

OPEN BITCH OC INIFF STREET CREDIT AD J Wilmot

NOVICE DOG \*ALLINKA ULTIMATUM AZ F Farley

I would like to thank all the exhibitors for entering and wish them success in future trialing, and a very special "thank you" to my two Stewards on the day, for a job very well done.
