4 years 8 months. 66 cms. Very large, medium strong dog of very good type. Presented in excellent coat condition. Good head and expression with good eye colour. Would like to see him a little stronger in muzzle. High withers firm back. Good croup. The upper arm could be longer and better angled. Very good hind quarter angulations. Very good fore chest development. Stands correct in front. Close coming and going. In movement shows good ground covering gait where the forehand reach could be a little freer. The ears in movement are carried not quite correctly.

Grading: Excellent

2 years 6 months. 65 cms. Large, just medium strong, sable dog of good type. Compact in proportions. Good head with desired dark eye. High withers firm back. The croup is steep but of good length. The upper arm should be longer and better angled. Very good hind quarter angulations. Good fore chest development. Slightly short in under chest. Stands correct in front. Overall I would like to see more strength and substance. Moves correct coming and close behind. Very balanced in movement but would like to see both reach and drive more effective.

Grading: Excellent

2 years 10 months. 63 ½ cms. Just above medium size, strong, well coloured, glamorously coated dog of good type. The planes of the head are not quite correct. Desired dark masking. Dark eyes which are slightly rounded. Normal wither. Firm back, short and steep croup. Upper arm could be longer and better angled. Sufficient hind quarter angulation. Good forechest development. Stands correct in front. Moves slightly wide coming and correct going. In movement shows good reach and drive which should be more effective and the overall ligamentation should be much firmer.

Grading: Very Good

5 years 1 month. 65 cms. Large, medium strong dog of good type. Masculine head where the expression is marred by light eye and the stop could be more pronounced. Normal withers, firm back, flat croup. The upper arm could be longer and better angled. Very good hind angulation. Good fore chest development. Stands correct in front. Moves correct coming and correct going. In movement he shows a powerful hind drive where the reach could be freer. He has a tendency to peak over the top line. The overall ligamentation should be much firmer.
