13 months. 60cm. A large, just medium strong, still well proportioned bitch of good type. Black and gold saddle markings. Feminine head and expression, medium eye colour, somewhat wide set ears that should be firmer. Slightly short neck, high withers, the back could be firmer, short and steep croup. Normal fore and underchest development for her age. Stands correct front. Good forequarter angulation, where both the angles of the upper arm and shoulder should be more pronounced. Good hindquarter angulation. Moves slightly close and loose behind, correct in front, but the elbows should be much firmer. She displays a balanced ground covering movement, where both the reach and drive could still be more effective.
