## **66<sup>TH</sup> CHAMPIONSHIP SHOW & RESTRICTED OBEDIENCE TRIAL**

**Obedience Critiques – 11 June 2011**

**Judge: Mrs Jan Brabham**

A special thank you to the interstate and local exhibitors for entering and supporting the re-introduction of obedience trials at the SA Club's annual Championship Shows. With an entry of 24 dogs from CCD to UDX I am sure the Club will be happy to continue to include Obedience Trials with their future Championship Shows if this support is continued.

Although only a few passes on the day, all the dogs were of a good standard, which indicates how difficult it is in obedience trials for dogs to complete every exercise successfully on the day. The Winner of Winners competition was very close between the Open and Novice class winners. Congratulations to the winner, Mrs C Jacob with Azurebright Dartanya CD and the runner-up, J W & Mrs M Hartshorne with Vomkogelberg Germanicus.

A big thank you to Anne Twaddle for helping out by judging the one entry in the UDX class.

I was very fortunate to have two very experienced stewards on the day – thank you Gillian and Duncan Smith for all your work.

Good luck to all exhibitors with their dogs in future trials.

### **UTILITY CLASS**

Only one entry in this class and after an interesting start, the exhibitor decided to withdraw her dog.

It was with great pleasure that I accepted the GSD Club of S.A 's invitation to judge their Obedience on the Sunday of the June Show and Trial weekend! Being invited to also judge the Saturday Show, made this an especially exciting double event for me.

My thanks to the committee and members for the opportunity to adjudicate at your trial, and special thanks to my Stewards Gillian and Duncan, and all helpers.

Motivated work on the Seek Back scoring 28/30, marred only by a crooked sit. Zeroed for Positions in Motion calmly executed, but failed the SIT, handler exhibited an interesting variation using "YES!" as the Heel command after PiM. Could set trend maybe? This lovely mature bitch, like her owner/handler a seasoned campaigner, showed some confusion on the Scent Discrimination, Judges' Scent, but remained very willing to work throughout the rest of the test. Bad luck on the day, competing two days at a major event, can be very trying. Scored 38

What a pleasure to judge this team with the dog exhibiting very motivated work, missing one down, but otherwise a lovely performance of heeling. Well performed Stand Free for Examination, with good positioning throughout gained full marks, never lightly given. The Drop on Recall was performed like greased lightning, for 27/30. Retrieve on the flat was fast and beautifully executed gaining full marks, with the Retrieve over Solid Jump scoring a 5 point deduction with the dog being distracted, hesitating, then performing with alacrity and his usual speed. The active working exercises were completed with a lovely Broad Jump ending in a slightly crooked finish, with the passive 3 min Sit Stay and 5 min Down Stay gaining well deserved full marks. On count back, this team was able to gain the coveted first place in Open Class. Well done!

This team was a pleasure to judge with its exhibition of very motivated heeling, fast and accurate in the main, with only an occasional slight loss of position, always with good recovery. 24/30. The Stand for Examination was marred by careless positioning at the start, leading to a loss of 2 points. On the Drop On Recall the dog performed smartly, then when commanded to drop, stopped, waited a moment and then dropped, earning the dreaded substantial deduction, but completed with good front and

finish.24/30. Stylishly performed Retrieve on the Flat somewhat marred by the distant positioning on the Present gained 18/20 with this little flaw repeated in the Retr. Over Jump, 28/30, and also in the Distance Control, 18/20. Full marks for the stay exercises completed the test.

This was overall a very worthy performance gaining 2<sup>nd</sup> place on countback, well done! Score 180 VG OPEN CLASS cont...

This lovely team started off with some nice heeling, but then the motivated dog fell victim to fatigue perhaps, and lagged somewhat. 16/30. Stand Free for Exam. Scored full marks, with a smart taking up of position, standing with four feet in a row, a confident leaving of the dog who stood steadily during the examination, and the handler's confident return and good positioning completed the exercise successfully. Drop on Recall scored 26/30 losing points for jumping up at handler with unbridled enthusiasm, a charming fault! Retrieve on the Flat was executed fast – some points given away, somewhat distracted. Motivated work exhibited for the Retrieve over Solid Jump, where the happy little jumping up on the finish cost 2 points. Smartly executed Broad Jump, with a very minor deduction for a crooked sit on the finish, 19/20 and flawless Sit and down stays gave this happy team a creditable pass under rather trying conditions. This lovely bitch was really not in the mood for heeling today. Her performance was marred by lagging, sniffing the ground, generally accepted to be a calming signal used to lessen the stress of the handler, and showing difficulty in performing positions, completely missing the downs. Nice and steady on Stand for Examination gaining full marks. Drop on Recall started with a crooked sit, steady stay, fantastic Recall but then disaster – she failed to drop! For the Retrieve on Flat, she failed the sit for the lead in, but then showed a lovely fast and motivated retrieve even though crooked return. No sit for the lead in featured again in the Retrieve over Jump where she chose not to jump on both occasions. Another zero led to withdrawal from the stays, to give others a better chance, a nice touch of good sportsmanship!

This dog and handler team were not in sync for the heelwork, and with some lagging, missed positions and lack of concentration unfortunately could not show their work to best advantage. 19/20 for Stand Free for Examination, but a handler error and bad luck led to a zero for the Drop on Recall. Substantial deductions on the Retrieve on Flat with motivated work marred by a little detour to the jump, followed by zeroing on the next exercise for walking around said jump, led to a withdrawal of this team, from further competition. Seemed a little fatigued.

My winner of, and only qualifier in Novice Class, started their team work with a lovely heeling routine equaled only by one other on the day, and beaten by none! It was neat, motivated, with just minor imperfections. 32/40. Full marks for Stand for Examination, and the best Recall to date, the perfection marred only by a slightly crooked finish, 38/40, and the slightest movement forward in the Change of Position, 28/30 completed the active exercises. For the 1 Minute Sit we had a minor deduction for fidgeting 28/30 and full marks for a steady 3 minute Down Stay.

This gained a very pleasing qualifying card and the trophy!

Congratulations and well done!

This lovely dog was just not able to settle down to work. No score gained for the heeling. Good work in the Stand for Examination however, gained the desired full marks. The work on the Recall was lovely and fast, with a minor point deduction gained for crookedness. 36/40... Lovely Change of position for full marks gained by this very promising team, with the dog standing perfectly straight, showing four feet in a row with the handler, confident leaving and smart about turn to face the dog, clear command/signal and accurate down from the dog, a smart return and good placement back at heel position. Full marks also for the 1 min., Sit and 3 minute down stay completed the routine. Would have loved heeling them again! Scored 156

Another very pleasing performance from a conscientious heeler who gained a creditable score of 30/40 with only minor deductions for slight imperfections, such as forging and positioning. Still panting from her success in the Open Bitch ring, conformation, the beautiful bitch watched her step, and was handled well for a perfect score in Stand for Examination, but lacked concentration in the Recall exercise where she incurred two substantial deductions for failure to sit, and finish. She redeemed herself with a perfect score for her Change of Position performed with confidence and style, in spite of the rather strong command. She gained full marks also in her 1 minute Sit Stay, but then zeroed in the 3 Min down. A dog and handler team, always a pleasure to judge. Scored 144

This dog was very reluctant to work, very concerned with all the excitement nearby, and gained 19/40 for the first exercise, Heel Free. Stand for Examination saw the dog very slow and reluctant to move with the handler, standing 2m behind him. Recall, absolutely no teamwork possible today. The dog was upset, needed a 2<sup>nd</sup> attempt to start and lost points for crooked sits. Showed a very good Change of Position gaining 29/30, well done! Withdrawn. Scored 93

This team did not enjoy the work today, starting with the dog heeling wide, lagging, and overall not being attentive to the handler. 10/40. I felt a lot better for them in the well executed Stand for Examination where we saw smart positioning and calm demeanor gaining a well deserved perfect score. Disaster for the Recall, but then a bright note, showing that there is great potential, was found in the Change of Position which scored full marks with very good attention and prompt response to the command to drop. A willing worker that showed great promise in his heelwork incurring just minor deductions for poor positioning leading to slight lagging, then some forging and interference with the handler at different points of the heeling pattern. Overall, my equal best heeler in Novice Class on the day, gaining 32/40. Stand for Examination lost two points for poor positioning. The exercise requires a smart beginning with handler and dog standing in line at the start, a little care with this will lead to full marks! This team showed some very exciting work and are off to an excellent beginning! Yes, today

They are my class winners, earned not only by being the only qualifier, but with their smooth and very lovely work! Heel on Lead showed minor imperfections, occasional slight interference and a score of 25/30. Nice!! Full marks for a well executed Stand for Examination, confident and self assured. The Recall should have gained bonus points, after seeing a flawless performance, a smart forward and halt, a steady sit and smart Recall, I called an extra order – Finish! OOPS! Rounding the performance off with a steady 1 min. sit and 2 min. down stay, with 2 lovely Stand In Dogs, we saw a happy winner!

Gained 20/30 for heeling. In the Stand for Examination, we achieved no stand, so gained no scored. The handler took it all in good cheer, and when her Wild Witch required a second command on the Recall, she good naturedly smiled – Come or stay!

On lead of course, but desirous only of chasing birds, then being inattentive, there was slight forging, some interference with the handler, and then, all of a sudden, after dropping below the qualifying mark, there was absolute focused attention, and she worked like a charm! In the heeling!! Zero for Stand for Examination and the Recall.

### **WINNER OF WINNERS!**

What a pleasure to have these two worthy winners back in the ring for the final test!  
With some very smart heel work and only minor deductions, both teams scored well, with The Novice dog leading by one point on the Heelwork in spite of missing a position, but on the Recall, the Open Class winner required a 2<sup>nd</sup> start, and ended up four points behind the Novice.  
After two creditable performances with each dog showing some stunning work in spite of the glitches, the winner was Exhibit Number 366, the Novice Dog! Congratulations and well done!

This concluded my judging of a very exciting two day assignment of show and trials judging, where my thanks must go to the helpers and very efficient Stewards on both days! Thank you all!  
For my triallers: you win some, you loose some, but keep up the good work, and may you all keep striving for, and find yourself, in the winning circle! HONEY
