Presidents Report

The GSDCA 46th National Show and Trial was held on the 27 – 29 April 2018. This was a huge undertaking made possible by the many volunteers we had before, during and after the event. From setting up, pulling down, canteen, catering, merchandise, administration to everything in between. I would like to personally thank all of you and the organising Committee for your efforts. It is truly appreciated.

June is nearly upon us and the wet and cold weather is here. Despite this, it is encouraging to see that we are still maintaining a good turn out to training on Wednesday nights and Sunday mornings. Remember to take care on the roads when driving in wet conditions.

Our next event is the June Championship Show to be held on the 9th and 10th June. Judging will be Dr Wolfgang Lauber SV (Germany) and our own Mrs Joylene Neddermeyer. Our Child Handler's class will be judged by Mrs Nicky McDermott from Victoria. I wish all exhibitors every success.

Sadly, with the passing of a few good friends and advocates of our beloved breed it is pertinent to remember these teachers and leaders and reflect upon their vision and leadership. We have in place breed improvement schemes that are the envy of other countries and this was all achieved by volunteers.

Joe Seidl, who has the infrastructure portfolio, has arranged several maintenance improvements around the club rooms and grounds which you will no doubt see. Thanks goes to, Joe for his time and effort.

Enjoy your family and dogs,

John J De Lucia
President

Secretary Report– Stephen Collins

This year has certainly been hectic for the first half of the year.

The National Show and Trial is a mammoth event which consumes a great deal of time and energy, and planning commences at least Two (2) years in advance of the event.

There is inevitably items which are missed in the planning of an event of this complexity, however, everything was sorted out prior to the event.

The event was blessed with superb weather for the event which made the Show and Trial most enjoyable for All.

Our membership is still strong with approximately Forty (40) New members joining the Club so far.

We welcome All new members and trust that they enjoy the Training with their companion at the Club.

From the 1st of July this year ALL dogs and cats must be microchipped and registered with the Dog and Cat Management Board. Members please check you pets for microchips. The Club has the capacity to check the microchip on training days and can also if necessary microchip your animal for a fee.

Upcoming Events

Breed Affairs

The year is flying by and it is nearly June. We have been busy with a Breed Survey and a Member's competition. The National was also held this year in South Australia. Many thanks to all the workers who help with all the activities at the Club without your assistance many Club activities would not happen.

The National Council Breed Commission chairperson Mrs. M Goth has resigned and Mr. V Tanataro and Mrs. R Knuckey will be looking after the portfolio until the next AGM when the position will be listed for election.

Our Championship show will soon be upon us June 9th and 10th, Herr W Lauber (SV) and Mrs J Neddermeyer (SA) officiating. Anybody willing to help will be more than appreciated.

Later in the year we are planning a handling seminar, this will be held sometime during September.

If any member has any thoughts on a topic for a seminar please let me know.

Obedience Report

It is hard to believe how quickly this year is passing, but here we are again in the cooler weather when it is just great to be out and about with our dogs. We are experiencing high attendance at our classes with a broad mixture of handlers of all ages.

The instructors are very keen to promote strong bonds between handlers and their dogs. We like to hear them interacting with their canine companions, giving clear commands and working at forming a team with their dog. Dogs like to hear your voice and want to please you.

Learn to read your dog and listen to what he says to you. Just because he doesn't have words doesn't mean he can't communicate. A handler needs to be the leader and be firm and fair with their shepherd and will be rewarded with an abundance of unconditional love and loyalty.

Some of you may have noticed our new setup where the beginners ring is next to the trial ring. This is working well, it allows beginners to watch the more experienced dogs working with Ingrid. This can be an incentive for them, all their hard work will pay off in the end and they shouldn't get disheartened with how their novice dogs work.

All the dogs in the trial ring were also beginners once. Another class that is working very well is our new advanced trials class. We are encouraging more handlers in this class to enter obedience trials, and at the recent National Show we had four members pass their trials. So congratulations to them for a sterling effort. This may not seem a lot when compared to ten years ago, but times have changed. Trials no longer attract the same numbers as in the past. It is also hard in today's fast paced world for people to find the time to train their dogs to this level and enter trials, with so many other demands in their busy lives.

Obedience training is not just about trials, and some people would never wish to enter one for whatever reason. However, it is about training your dog to be well behaved and a good representative of the German Shepherd breed.

Sharing a bond with your dog, sharing experiences, and being able to take him with you anywhere knowing he is under control, and you will both have happy enjoyable times together.

Kind regards,

Robbie Macpherson
Head Instructor

DOG AND CAT REFORMS

WHAT YOU NEED TO KNOW

Government of South Australia
Dog and Cat Management Board

There are new laws for dog and cats in South Australia, including new microchipping and desexing requirements. These changes will improve the welfare and management of dogs and cats in the community.

The biggest changes:

From **1 July 2017:**

- Increased fines and expiations for breaking the law (dog attacks, etc).
- Increased council powers to investigate and prosecute breaches of the law.

From **1 July 2018:**

- All dogs and cats over 12 weeks of age to be microchipped.
- All **new generations** of dogs and cats (born after 1 July 2018) to be desexed. *Exemptions apply for working dogs, registered breeders etc.*

These changes will increase the likelihood of lost or impounded dogs and cats being reunited with their owners, and reduce the number of unwanted and abandoned litters euthanised in pounds and shelters.

Discount Microchipping

Microchipping is a safe and permanent way to identify your dog and cat. The procedure is quick, with no ongoing discomfort, and can only be carried out by a trained, authorised implanter.

Discount microchipping days are offered throughout the state at various times of the year. Visit chipblitz.com for more.

New rules for Breeders and Sellers

- From **1 August 2017**, all breeders and sellers must meet new industry standards and guidelines, to comply with the state's animal welfare laws.
- From **1 July 2018**, breeders must register with the Dog and Cat Management Board. In exchange, they will be issued with a registration number that must be provided, along with up-to-date contact details in all advertisements. This new accountability will help weed-out unscrupulous traders from the business.

These changes affect anyone who breeds dogs or cats for sale or trade, not just pedigree breeders.

Greater powers for councils

Councils play a vital role in dog and cat management in your community. They are responsible for registration, collection and return of stray dogs, and investigating complaints of barking or dog attacks.

For this reason, councils have new powers under the revised laws, including the ability to gather evidence, and compel dog or cat owners to give their name and address. This will help councils combat various problems, including dog attacks.

There are also increases in some expiations and penalties to encourage good dog and cat owner behaviour.

DACO – a new way to register your dog or cat

From 1 July 2018, dog and cat registration, along with the way you manage your pet dog or cat's microchip, desexing and breeder information, will be simplified with the introduction of a new website.

Dogs and Cats Online (DACO) will be the central point for all your dog and cat management payments and information, bringing together data currently held on 68 individual council systems and private microchip databases.

Not only will DACO simplify your dog or cat management needs, but it will streamline the process for councils, vets and animal welfare agencies too, giving these organisations instant access to information from around the state. This will help them reunite you and your lost dog or cat quicker.

Does microchipping replace council registration?

No. Microchipping is a great form of ID, but council registration funds all the important dog and cat management activities in your local area, including dog parks, poo bags, dog pounds, returning lost dogs, investigating dog attacks and other duties carried out by animal management officers.

Changes to dog registration categories

As of 2017, dog registration in South Australia has been simplified. Your dog now falls under one of these two simple categories.

Standard Dog: A dog that is both desexed and microchipped

Non-standard Dog: all other dogs, even if they are exempt from rules around desexing or microchipping, such as dogs belonging to registered breeders, working livestock dogs etc.

These changes have been made so registration categories throughout the state can be streamlined. Your council may still offer additional rebates. Speak to them to see what rebates might apply to you.

About the Dog and Cat Management Board

Established in 1995 under The Dog and Cat Management Act, the Dog and Cat Management Board is the only statutory board of its kind in Australia and works closely with key partner organisations and the State Government to improve dog and cat management in South Australia.

Using its research and expertise the Board has ensured that South Australia's regulatory and legislative framework has been reviewed and amended to improve the management of dogs and cats in South Australia.

The Board was a key driver of the reforms now being introduced and will take a proactive role in their application, including the new requirement for breeders to be registered and in the roll-out of DACO.

GROUND RULES

These rules apply to all handlers during training sessions and have been formulated for the welfare of you and your dog.

Any Club member, or any person guilty of unseemly conduct or acts harmful to the club, may be asked to leave the Training area. They may also be dealt with by the Committee of The GSDC of S A Inc. under clause 6, and relative by-laws of the Clubs Constitution.

Any dog which is sick WILL NOT be permitted onto the Club grounds.

Dogs who have suffered a CONTAGIOUS DISEASE WILL NOT be allowed on to the grounds until 5 weeks after being cleared by a veterinarian (a vets certificate may be required). Puppies should not be brought out onto the Club grounds under the age of 8 weeks or at least 2 weeks after they have been inoculated for HEPATITIS, DISTEMPER AND PARVOVIRUS (vaccination certificate may be required).

Bitches in season are not permitted on the grounds unless at a recognised Club event.

The use of switches, spiked collars or whips is STRICTLY FORBIDDEN ON THE CLUB GROUNDS.

Members shall not treat their dog in a manner which may reflect badly on the Club.

Dogs are NOT to be taken off-lead or left unattended, except on the directives, or under the supervision of a Class Instructor.

The handlers of dogs which foul the Club grounds, will be responsible for cleaning up same, with the equipment provided.

The Head Instructor has the authority to permit the use of a muzzle or training devices, as required in special cases. The use of the equipment is to be under supervision, and its use on the grounds, other than above, is STRICTLY FORBIDDEN.

Dogs under the age of 12 months ARE NOT permitted to use jump equipment higher than 400 mm, or longer than 800 mm.

Pursuant of the Health act "Dogs" ARE NOT permitted inside the Clubrooms.

In the interest of safety and health, and in consideration of others, parents are required to super-vise the behaviour of their children. The Clubrooms and Toilets MUST NOT be used as playing areas.

In the interests of public health the Clubrooms and the verandah area are NON-SMOKING areas.

Training Extreme Weather Policy

Training will be cancelled if the forecast temperature for West Beach is predicted to be 37 degrees or above or an Extreme Storm warning is issued on www.eldersweather.com.au at 6pm the night before training (Wednesday nights and Sunday mornings).

Appropriate foot wear must be worn at ALL times when handling / double handling dogs on the Club grounds. Bare feet, thongs, slip on shoes, high heels, sandals or crocs and shoes with metal-spiked soles are not suitable foot wear and members wearing any of the above will be asked to leave the training area.

THANK YOU! BE PROUD OF YOUR DOG, HE IS VERY PROUD OF YOU! THE COMMITTEE
